SOGNO DI MATERIA ETERNA

WHO IS ΚΛÉΟΣ?

Kléos, from the Greek κλέος, meaning eternal glory and fame, is a project by Elisabetta Di Maddalena that tells the story of the world, its cultures, and traditions through a contemporary lens.

KOKESHI

Kléos reinterprets traditional Kokeshi dolls, merging Japanese heritage with Roman Travertine. Each unique, numbered piece tells a story, blending art and design.

ε

THE TRAVERTINE QUARRY

Each creation is crafted from Roman Travertine, the same stone used for Rome's Colosseum. It is sourced from the quarries of Società del Travertino Romano S.p.A.

É

The legacy of master stonemasons lives on in Kléos' Italian Handmade artistry, where stone takes shape between history and contemporary design.
